# Azerbaijan Hotel Association

## Who we are?

Azerbaijan Hotel Association established with the utmost support of State Tourism Agency and Azerbaijan Tourism Board in December 2018. AHA encourages and leads the implementation of international standards by sharing the best international and domestic practices among hotels in order to promote improvements in quality and ensure fair competition within the hospitality industry. From major global brands to the small independent hotels, AHA provides one voice that brings together the industry's majority of constituents.

## What We Do?

AHA represents hospitality industry by engaging with government, the media, employees and guests. We set the goal to demonstrate the power of collaboration and partnership of the hospitality industry to the government authorities, to further assure the stable growth of industry as well as strengthen its roots in our country. AHA mainly carries the purpose of:

- Lobbying, representing, promoting and protecting the interests of the Azerbaijani Hotels,
  - Encouraging and leading the implementation of international standards,
  - Educating and supporting in improvement of existing hospitality and tourism vocational schools and universities.
- Our Main mission is to represent the industry, encourage and lead the implementation of international standards, and shares the best international and domestic practices among hotels in order to promote improvements in quality and ensure fair competition within the hospitality industry.

## National Hotel Star Classification

In May 2019, during its 78<sup>th</sup> General Assembly HOTREC, the European umbrella association of hotels, restaurants and cafés, welcomed Azerbaijan Hotel Association as 43rd Member alongside with 31 European Countries. With HOTREC membership, AHA possess right to use Hotelstars Union (HSU) criteria which is applied in 17 European Countries under the patronage of HOTREC to lead and implement National Hotel Star Classification in Azerbaijan together with Azerbaijan Tourism Board.

National Hotel Star Classification is transparent control system by Azerbaijan Tourism Board in partnership with Azerbaijan Hotel Association and is an assurance of quality in hotels facilities and services. With the star classification of AHA, the hotels receive an important competitive advantage. It presents the guests clearly defined standards, which are also applicable at European level.

# Hospitality in Azerbaijan

No country does hospitality quite like Azerbaijan, where traditions of receiving guests are deeply ingrained in the very fabric of society. Wherever you go in Azerbaijan, guests are treated like royalty, whether it be at a boutique hotel in Baku's Old City or at a rustic homestay in the countryside, and you'll find Azerbaijanis to be open and excited to share their rich culture. This is doubtless a legacy of the Silk Road that for centuries

brought so many travellers criss-crossing through the country. Great hospitality transcends all Azerbaijan experiences, from business meetings to hiking in the Caucasus or Talysh Mountains, and is accompanied by the flavoursome national cuisine, burgeoning wine culture, and of course the countrywide tea culture: Azerbaijanis even have an unwritten rule that you can't allow a guest to leave your home without having offered it.

# Experience Azerbaijan

Nestled between the Caucasus Mountains and the Caspian Sea, Azerbaijan is a land of dramatic landscapes, ancient culture and 21<sup>st</sup>-century ambition. It may not be a large country, but it is one of exceptional diversity promising a wealth of memorable experiences. Our unparalleled hospitality and many contrasts are bound to leave a lasting impression.

# Experience Azerbaijan

## City

As well as being one of the safest and most family-friendly destinations in the region, our capital, Baku, is a city of vibrant culture with amazingly diverse architecture and fascinating historical monuments. Whether it be admiring the Flame Towers, exploring the UNESCO-listed Old City, shopping in modern malls or venturing to the mud volcanoes, the city has something for everyone. But our country is much more than its capital: visit charming Sheki for its Silk Road heritage and Ganja for its historical monuments. The likes of Nakhchivan, Lankaran and Guba have intriguing cultural sights and spectacular nearby natural beauty.

## Business

Azerbaijan is a modern and progressive country and rapidly transforming into a prime international business destination whose unique location between Europe and Asia, Russia and the Middle East is supported by excellent infrastructure and dazzling venues. As a result, our country is increasingly becoming an in-demand destination for international sports and business events. What's more, the easy access to mountains, sea, lakes and forests mean this is a unique place for anyone wishing to marry business and pleasure.

## Luxury

If travelling in style is what you are looking for then Azerbaijan certainly will not disappoint. The country is home to a plethora of high-end hotels ensuring maximum comfort and pleasure: from sumptuous spa experiences to dining to die for, rest assured that your every need will be catered for. Most are located in and around Baku but lavish hotels with awe-inspiring vistas can also be found in the furthest-flung corners of the country. Shopping at Baku's many up-market boutiques, yachting on the Caspian and sampling the world's best black caviar are just some of the many exclusive activities that you can indulge in.

## Wellness

Azerbaijan has always catered to mind, body and soul. For centuries, hammams (public baths) were the beating heart of society and in Baku some can still be visited, though today the city also boasts a multitude of sublime five-star hotels with soothing spas proposing a phenomenal range of treatments and relaxing therapies. Beyond Baku, travellers can experience some truly unique treatments based on our rich natural resources – whether it be the medicinal oil of Naftalan, the respiratory relieving salt caves of Nakhchivan or the many healing hot springs around the country – at a growing selection of wellness resorts.

## Resort

From skiing in the Caucasus Mountains at Azerbaijan's three winter resorts to unwinding on private Caspian Sea beaches as the sun goes down, Azerbaijan's many country resorts offer a fabulous mix of relaxation and adventure in the heart of dramatic Caucasian landscapes – the ideal spots to escape a hectic city lifestyle and enjoy quality time with friends and family. And with activities such as golf, cycling, hiking and other country pursuits rapidly developing, you can expect plenty more world-class retreats to emerge in the years to come.
